Planning on a study abroad experience? YES – NO – NOT DECIDED
Done or planning an internship or co-op experience? YES – NO – NOT DECIDED
 If Yes, where? _____

Advisor comments/notes:

Students: Below, indicate your complete remaining schedule to graduation. Write the semester at top of each column (e.g., Sp '11) and courses to take that semester in the column below. Don't forget to consider summer sessions, spring/summer/winter intersessions, and general education independent study courses. Also consider realistic credit hours loads given your work schedule, as well as semesters out of school due to co-ops, study abroad, etc.

Advisors: Check completeness and accuracy against flowchart and student's degree audit. Check reasonableness against student work schedule and academic standing. Be sure to check all prerequisites are met, spring and fall -only courses are properly scheduled, and any requirements for minors are met. **Keep this sheet or a copy with student's folder.**
